All Eligible Clients are allowed to hold only one Bonus Scheme Account per unique IP address. Multiple registrations from the same IP address or multiple "Trading Bonus" Accounts registered with the same personal details are not permitted.

Participation of "Intermediaries/Related Parties" in the Bonus Scheme is prohibited. If the registration and/or trading data of a participant matches with the registration and/or trading information, including but not limited to IP address, of another participant in the Bonus Scheme, the Company reserves the right to disqualify them immediately. - a) Family members, such as siblings, spouses, ancestors, lineal and collateral descendants.
- b) Any person or entity controlled by, under the control of, or in common control with any participant in the Bonus Scheme.

Cancelation/Disqualification

Any indication or suspicion, at the Company's sole discretion, of arbitrage (including risk-free profiting), abuse (such as trading patterns indicating the participant's sole aim to benefit financially from the bonus without genuine trading interest), fraud, manipulation, cashback arbitrage connected to a Bonus, or any other deceitful or fraudulent activity, will void all previously credited bonuses and transactions or profits/losses derived therefrom.

The Company reserves the right to close/suspend (temporarily or permanently) all such Eligible Client's real Trading Accounts, cancel all orders, and annul all profits of such participants. The Company shall not be liable for any consequences of bonus cancellation, including, but not limited to, order(s) closure by Stop Out.

In the event of internal transfers between trading Accounts with the Company, previously credited bonuses will be canceled and will not be applied to the new account.

If within a 90-day period, the required trading volume is not met, the Bonus will be immediately canceled. The required open volume Bonus is USD * 10,000. The volume required for calculation purposes is the Volume generated (one side/open leg) on Any Asset.

The Company reserves the right to cancel the active bonus of a client when the balance goes negative (meaning the client has lost all funds and part or all of the credit) and no positions are open.

The Active Bonus will be canceled if the Company has reasonable grounds to believe that the Client attempted to abuse the Company's Terms and Conditions or the Bonus provided to them (e.g., by engaging in hedging strategies between two different accounts with an active bonus).

Wagering requirements

Eligible Clients can meet the open volume requirement (one side/open leg) on any Asset of more than Bonus USD *20,000.

If the Client receives an additional Bonus, the wagering conditions will be adjusted based on the total Bonus amount.

For Example: If a Client deposits 5,000 USD and receives a 5,000 USD Bonus, and then deposits another 4,000 USD and receives an additional 4,000 USD Bonus, the required trading volume to make the Bonus withdrawable will increase from (5,000 * 20,000) USD Volume 100,000,000 to (9,000 * 20,000.00) USD Volume 180,000,000.

Governing Law

The Bonus Scheme terms are governed by and construed in accordance with the Laws of Saint Lucia. Any disputes or situations not covered by these terms will be resolved by the Company in the fairest manner possible. The Company's decision will be final and binding on all participants. In the event of any discrepancies between the translated versions of the Bonus Scheme terms and the English version, the English version shall prevail.
